Roderick Elementary School
Wrentham, MA 02093**

Dear Parents/Guardians:

As you may be aware, the school library is linked to the SAILS Network along with our public library. This will make available to the students millions of items, a large percentage of which are children's materials. Students can search for and order books directly from the computer terminals in the school library. Materials are then delivered to the school from other membership libraries. They will be delivered to the school. I am pleased to report that students and faculty make full use of this valuable resource to supplement the school's core collection.

Because students potentially have access to **all** materials in the SAILS Network, the school administration and library staff created a policy recommending that parents (**and only parents**) select one of the following options for their children:

- A. Students have access **only to young adult materials** (appropriate for ages 12 to 18) and **juvenile materials** (appropriate up to age 12)
- B. Students may have access **only to juvenile materials**.

We believe this system enables all children to take advantage of this superb library resource while allowing each parent to guide materials for their child. Please indicate your choice on the form below and return to school by **Friday, September 9, 2016**. Your child will not be allowed to interlibrary loan any materials until this form is returned. Any questions regarding these options or access to materials on the SAILS Network may be directed to Mrs. Gretchen Lopez at (508) 384-5435 ext. 3220.

If you find the choice you made for your child was inappropriate, you may alter that choice by contacting me for an additional form to be filled out and returned to the school library. Also, the library staff works very hard to contact parents if any questionable material is ordered by their child.

Sincerely,

Mrs. Gretchen Lopez
