

Birthday Celebrations

Birthdays are an exciting time for first graders. On or near each child's birthday we will sing Happy Birthday, your child will receive a pencil from the principal, Mrs. Wagstaff, and they may visit the office birthday basket. We will not be celebrating with a food treat.

If your child would like they may choose a favorite book to be read to the class. This book could be read by a parent, another favorite person or I could read it to the class. I hope it will be exciting for your child to have a loved one come to school to read. Please email or send in a note to schedule a time to come in and read to the class.
