

## Vacation work policy

I do not supply school work ahead of time for a vacation. I would encourage your child to read for fun and keep a journal of his/her trip. A few sentences a day, about his/her day are a good way to keep writing, vocabulary and reading skills fresh. A picture is always a wonderful addition. Your child may choose to share his/her journal with the class upon his/her return.

I will collect school work through out the period of time and save it for completion when your child returns. Your child will have an adequate period of time to complete his/her work at home, approximately one week. Please feel free to correct your child's work when complete. I will look it over to see that it was completed upon return.

If you have any questions feel free to give me a call or e-mail.

Thank you.

Have a great vacation,

Patty Burke
