

Do you have any training videos?

There are a number of videos (under five minutes) you can watch to get an overview of what the Family and Student portals have to offer.

The *Aspen Student and Family Video Series* teaches basic skills that are helpful for both parents and students, such as *Subscribing to Email Notifications* and *Checking Grades*.

To watch these videos:

1. Log on to Aspen.
2. Click one of the tabs (such as **Family**, **Academics**, **Groups**, or **Calendar**).
3. Click the **Help** menu, then **Videos & Training Tools**.
4. Click **Students and Families** to open this training toolkit.

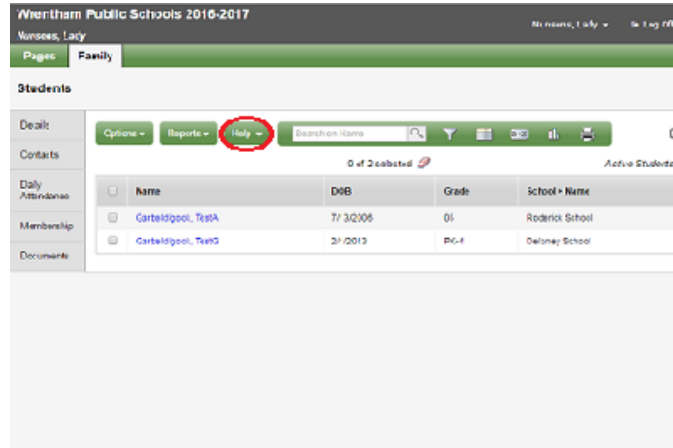

Aspen Student and Family Video Series titles

- *Student Portal Overview*
- *Family Portal Overview*
- *Subscribing to Email Notifications*
- *Using the Calendar*
- *Checking Grades*
- *Emailing Teachers*
- *Requesting and Viewing Next Year's Courses*
- *Accessing and Submitting Assignments in the Student Portal*
- *Searching with Quest in the Student Portal (IMS only)*
- *Using My Resources*
- *Completing Projects with a Class Group*

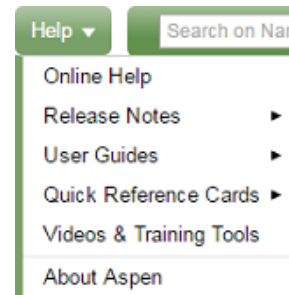

Note: There is a quick reference card that goes along with each video. You can print it to keep on your desk or next to your computer.

What if I need more help?

Aspen is easy to navigate. The data is secure and can't be edited, so feel free to explore. If you have a question about how to do something, click the **Help** menu:

The following options appear:

- **Online Help:** Click to open online Help for an overview about using the Family and Student portals.
- **User Guides:** Click to open, download, and print a PDF version of *Family and Student Portals – User Guide*.
- **Quick Reference Cards:** Click to open and download one-page tip sheets.
- **Videos & Training Tools:** Click for access to the *Students and Families Training Toolkit*, which contains videos and quick reference cards.
- If you still have questions, contact your school's main office or aspenhelp@wrenthamschools.org.

Getting Started with the Aspen Family Portal

Follett Aspen™

What is Aspen?

Aspen is a secure, web-based school information management system. It helps school districts track all types of student data—from attendance to conduct, grades to schedules, health to special education.

Your school district has been using Aspen with great success. We are now opening the Family portals to increase communication among parents, students, teachers, and administrators.

What is a portal?

For each student, Aspen stores thousands of pieces of data, which only their teachers and school administrators have access to.

The Family portal is a part of Aspen that lets parents and guardians see certain information about their own children.

Use your computer, laptop, or tablet to access the following:

- **Family contact and emergency information:** You can verify your contact information.
- **Academic information:** You can see progress reports and report cards.**
- **Conduct, grades, attendance, and health visit information:** Sign up to receive email notifications when new information is available.**
- **Calendar events:** Color-code events to see at a glance what each family member is doing.**

****Note:** Some of the features listed in this brochure might not be available to you, based on your district's use of Aspen.

Is my child's information secure?

Aspen protects your student's information with the same advanced technology your bank uses to protect your financial accounts. Rest assured that all Aspen users only have access to information they need, and nothing more.

The Family portals have been carefully configured to ensure that your student's information is confidential and can only be retrieved by you—the parent/guardian—or authorized school personnel.

How do I access the portal?

You can log on to Aspen's Family portal from virtually anywhere—all you need is an Internet connection.

This means you can be connected at home, work, or wherever you happen to be. You can even get limited access the portal from your mobile devices.

As a parent/guardian, you only need one login to securely access the information for all of your children.

1. Open your browser to connect to the Internet.
2. Go to **ma-wrentham.myfollett.com**
3. Enter your **Login ID** and **Password**.
4. The first time you log on, you will be prompted to change your password and choose a security question. Your Home page will then appear.

*Use the following space
for your own records:*

Aspen Login ID: _____

Password: _____

Keep in a safe place!

What if I have trouble logging on?

If you need help logging on to the Aspen Family portal, or with your login ID or password, contact:
aspenhelp@wrenthamschools.org.

How do I change my email address or password?

From any page in the portal, click **Your Name** in the upper-right corner of the screen, then **Set Preferences:**

A screenshot of a web browser window showing the "Set Preferences" page for a user named "Nunsens, Lady". The page has tabs for "General", "Home", "Security", and "Communication". The "Security" tab is active. The form includes fields for "Primary email" (wcbmaster@wrentham.k12.ma.us), "Alternate email", "Security question" (What is your father's middle name?), "Security answer", "Confirm answer", and "Password" (with a "Change" link). There are "OK" and "Cancel" buttons at the bottom.

Here you can set several of your user preferences, including the following:

- Email address
- Password
- Appearance of your Home page
- Number of forum posts you want to see per page
