

## Cafeteria

In the interest of a pleasant mealtime for every child, it is necessary to maintain a calm, orderly, and reasonably quiet atmosphere in the cafeteria. In accordance with the Wrentham School Committee Wellness Policy, children should be encouraged to eat nutritious lunches.

The following rules apply to the cafeteria:

1. Students are expected to follow behind their teacher until they are in the lunch line or at their table.
2. Students are expected to be polite and use table manners.
3. Students must remain seated at their tables until they are given permission by an aide to return trays, dispose of trash, or purchase a snack.
4. Students are to sit and not kneel on their chairs or stools.
5. When students finish eating, they are to raise their hands until an aide allows them to proceed directly to recess.
6. Students are responsible for keeping their lunch area (i.e. table, floor) clear and to pick up any debris before leaving the cafeteria.
7. Appropriate behavior includes quiet conversation in a normal tone of voice.
8. Children are not to reenter the classroom unless they are given permission by their classroom teacher.
