

## Wrentham Public Schools

May 24, 2018

Dear Fifth and Sixth Grade Parents and Guardians,

As part of our Comprehensive Health Education Program, our fifth grade students will watch a video entitled, "Always Changing". The "Always Changing" Video will assist your son/daughter to approach adolescence with confidence, understanding, and a healthy attitude toward personal care. The "Always Changing" Video will be viewed with a same gender audience during the week of June 11th.

The Health Education Advisory Committee strongly recommends that all students participate in the Adolescent Changes Unit. However, if you do not want your child to participate in this portion of the curriculum, you have the right to exempt your child by submitting a written request to the principal. Your review of our curriculum and the "Always Changing" Video may assist you in making a more informed decision regarding your child's education.

Any parent or guardian wishing to preview the video prior to the class may do so by going on line to the following site: <https://www.pgschoolprograms.com/Parents>

When you get to the site, scroll to the bottom and go to the video that says boys or girls (original). This is the video that we show to the fifth grade.

As always, our goal is to bring the best possible instruction to your child and we are proud to include you in the educational process. If you have additional questions please call me at 508-384-5430 ext. 1410 or email [pitmank@wrenthamschools.org](mailto:pitmank@wrenthamschools.org).

Sincerely,  
Mrs. Kristin Pitman  
Health Education Teacher
