

WRENTHAM

SUMMER

INSTITUTE

2018

Athletic/Enrichment Program for Grades K-7

Wrentham Summer Institute 2018

Wrentham Summer Institute:

The Summer Institute is Monday through Friday, 9:00 a.m. to 12:00 p.m., (except the week of July 4th). At the end of each day, the instructor will accompany your child outside the school and wait with them until a parent or guardian arrives for a prompt pick up.

Session Dates:

Session I: June 25-29

Session II: July 2, 3-5,6

Session III: July 9-13

Session IV: July 16-20

Session Fee:

- Received by May 31: \$100
- As of June 1: \$105
- As of July 1: \$110

Grade Level:

For grade level, please indicate the grade your child will be entering in September, 2018.

What to Bring:

Children will need a drink, snack and comfortable play clothes. Check the course description for any special equipment or supplies needed for individual courses.

Location:

The Summer Institute will be held at the Roderick and Vogel School. During inclement weather, the outdoor classes will be assigned an indoor location. Please look for our banners and friendly staff members to guide you on your first day of class

Registration:

Complete a separate registration form and medical form for each child. Please indicate a second choice for each session.

You do not have to be a Wrentham resident to register. **If you are not a Wrentham resident**, please send the two registration forms, PLUS a copy of your child's physical form including immunizations.

Full payment **MUST** accompany your registration. Please send to:

Roderick Elementary School
ATTN: WSI – Lori DeTrollo
120 Taunton Street
Wrentham, MA 02093

A confirmation will be sent in June. Refund requests will be honored prior to June 1, with a \$10 processing fee. Refunds may take approximately 4-6 weeks.

Please make checks payable to:
Wrentham Public Schools

Extended Hours:

Again this summer, we are pleased to offer extended day. We offer extended hours for all four sessions.

Mon. - Fri. 12pm-4pm \$125/session

Questions:

Please contact Ms. DeTrollo
508-384-5430
detroliol@wrenthamschools.org

Week 1- June 25th-29th

Animal Antics

Grade level: K-6th

Come visit, and play with animals while we learn about them! We will have real animal visitors like dogs, rabbits, guinea pigs, turtles, and birds. The animals may change. Each day we will have live animals as our models and friends while we learn interesting facts about the animal, do crafts, and play games outside based on the animal of the day. We may do some food crafts too, if the animals don't get too hungry!

Instructor: Mrs. Foxx

Art Club

Grade level: 1st-4th

Sign up for Art Club to play with your favorite art materials! Each day we will learn a fun new art technique: printmaking with watercolor and shaving cream; make-your-own scratch art with oil pastels and paint; weaving with Popsicle sticks and yarn; art-making with things found in nature! On our last day together, we will have Open Studio time – you can decide how to spend your art time! We will listen to music, and enjoy making art together!

Instructor: Mrs. Langley-Haner

Card Collecting

Grade level: 2nd-5th

Do you love sports and collecting cards? Join fellow collectors in organizing, watching greatest sports moments and playing wiffle ball, flag football and soccer! Let's organize our baseball, football, hockey, soccer or Pokemon collections. We will look at the greatest sports moments in Boston history and in the world. Making sure we have time to make some great sports moments for ourselves with a wiffle ball games, flag football games and soccer games.

Instructor: Mrs. Nolan

Future Stars of Broadway

Grade level: 3rd-6th

Welcome all future stars of Broadway! Do you love to be on stage? Do you dream of acting or dancing on Broadway one day? For anyone who loves to act, perform, or be creative, this is the perfect place for you!

This week, you will work together to create and perform your very own play. You will have the opportunity to be creative, work as a team, and perform your play at the end of the week. You will also get the chance to create and practice choreography as a group. At the end of the week, we will take pride in our work by performing our creations for family and friends. Get ready for a fun-filled week of acting, dancing, and team work!

Instructor: Ms. Sullivan

Insane Science

Grade level: 3rd- 6th

Just as Einstein said “Play is the highest form of research”, so In this class we will be doing fun and crazy science experiments and having fun at the same time! We will be learning about chemistry by creating Lava Lamps, and rock crystals. We will explore life science by making our own fossils. We will even learn about biology by extracting DNA from peas! On the last day we will do a fascinating experiment that will blow your mind!! So grab a friend and join this class for some INSANE SCIENCE!

Instructor: Ms. DeTrolio

Introduction to American Sign Language

Grade level: K-6th

Have you ever wanted to learn how to speak with your hands? Well, we have the class for you! In our class, we will show you how to talk to other people who use American Sign Language. Each class will be personalized and adjusted to the learning style of each child. Our goal is to make learning a new language fun and exciting! During the week, you will learn the basics of Sign Language, play fingerspelling games and even have time at the end of class to go over anything you would like to learn about Sign Language. By the end of the week, you should be able to have basic conversations using American Sign Language, and there may be a special surprise! Get those fingers warmed up to have some fun!

Instructors: Miss Melo & Miss Young

Introduction to the Martial Arts and Self Defense

Grade level: K-6th

This course is designed for beginner students interested in learning the early basics of Martial Arts training. We will be highlighting and discussing the 3 core principals in the Martial Arts; Self Control, Self-Discipline and Respect.

We will be teaching the importance of focus, control and strength as well as learning basic techniques designed to build confidence both mentally and physically.

There will be emphasis on the importance of health and fitness with daily drills/games designed to be challenging and of course lots of fun!!!

Instructor: Miss Brennan

Jump Start to Kindergarten

Grade level: K

Calling all children entering kindergarten! Come and meet some of your future classmates!

Learn your way around the classroom and school. Parents, your child will have exposure to the kindergarten word wall words and experience some new math activities. These lessons will be aligned with the state common core standards. Give your child a JUMP START and help them KICK OFF a fabulous year in kindergarten. From morning meeting to calendar, we will follow a typical kindergarten schedule and routine. This class will take place in a Kindergarten classroom. Children will have an opportunity to tour the school and finally, we will introduce your child to the awesome Delaney Playground! We cannot wait to meet our future kindergarten students, please consider joining us!

Instructor: Mrs. Buckley

Letterboxing and Water Fun Play

Grade level: 2nd-5th

What could be more fun than finding a hidden treasure? Finding a hidden treasure and then running through a sprinkler, that's what!! Have fun, stay cool! Letterboxing is an intriguing mix of hiking, puzzle solving, treasure hunting and rubber stamping. Throughout the week we will spend time indoors and out. Each child will choose a code name, decorate a letterboxing bag and create a few unique rubber stamps. All supplies can be taken home at the end of the week! We will hike the school grounds and Sweatt Hill areas in search of hidden treasures and end each day by cooling off with lots of water play!! So bring a towel, sunscreen, bug spray, a water bottle and a snack and get ready for lots of fun!!

Instructor: Mrs. Lynch

On Holiday

Grade level: K-4th

Do you love to celebrate the holidays? If you do, then come join the fun! Each day a different holiday will be celebrated. Will you be my Valentine on Monday? How about catching a Leprechaun on Tuesday. Let's have a cook-out for the Fourth of July. Trick or treat and wear a costume for Halloween. End the week with the most wonderful time of year, Christmas. We will be busy decorating for each holiday, creating fun crafts, making and eating yummy snacks, and playing holiday themed games. This week will be packed with fun filled holiday activities.

Instructor: Mrs. Blake

Scratch

Grade level: 4th-6th

In this program, the student spends the week learning how to create animations and games with the Scratch software. In addition to class instruction and free time to explore Scratch, the students will participate in breaks from the computer screen and learn about various computer science topics. The students will create either a game or animation that they may present on Friday.

Instructor: Miss Lopez

Stem Design Challenges

Grade level: 3rd-6th

Do you love to design? Build? Create? Come join us for a week of design challenges. Each day we will have a new design challenge. Each challenge will ask you to create something to fix a problem. You might need to create a table or get a marble from one floor to another. The catch? The materials that you receive to build with. They will be limited and might not be what you expect. You will be able to work independently, with partners or with teams to solve each design problem. Let's get building!

Instructor: Miss Downing

Summer Reading Jump Start

Grade level: 3rd-6th

Do you LOVE to read? If so, this class is perfect for you!

With the library at your fingertips, begin your summer with a great book. Sign up for summer reading at the Fiske Library and begin the journey to reach summer reading goals. Join with friends and spend your mornings reading short stories, poems, plays or chapter books. We will spend time in the shade outside and in the Roderick Library- sharing great stories and reading together. At the end of the week, we will submit our minutes to the Fiske Library and receive credit for our reading minutes.

Instructor: Mrs. Lopez

Super STEM Stations

Grade level: 1st-3rd

Calling all future engineers! Do you love to build and create? During Super STEM (Science Technology Engineering Math) Stations we'll be using all types of materials like legos, popsicle sticks, cups and playdough to build different structures. Each day we'll have different challenges - like building a boat that can float or creating an awesome water slide design. Throughout the week we'll create straw rockets and see who can make a paper airplane that will fly the farthest. You will work with partners to come up with great designs and then think about how you can make them even better.

Instructor: Mrs. LaVigne

TEAM SPORTS

Grade level: K-3rd

Have some fun and learn a variety of TEAM SPORTS. Throughout the week, we will play many sports including soccer, speedball, basketball, Frisbee and many more. We will be inside the gym and outside on the play area. Come and join the fun and wear your sneakers and bring a snack and a water bottle.

Instructors: Mrs. Pacheco and Miss Pacheco

Tie Dye

Grade level: K-6

Welcome back to the very popular tie dying bonanza with Miss Brackett! If you love the look of bright colored tie dye shirts, headbands, sweatshirts or even bandanas than this class is the class for you! Enjoy the sunny summer days while creating your own masterpieces of tie-dye clothing and accessories. You can even bring in your own things from home to tie-dye! Do not miss out on this once a year celebration!

**Please wear clothes you do not mind getting tie-dye on*

Instructor: Miss Brackett

Week 2-July 2nd, 3rd, 5th, 6th

Act it Out

Grade level: 2nd-6th

Do you like to perform? Do you enjoy being a part of a play? This is the program for you! Throughout the week we will work together to create a play! Everyone will have a part in the play. We will rehearse lines and work on stage performance. On Friday we will perform the play on stage!

Instructors: Ms. O'Connell

From Junk to Jewelry

Grade level: 3rd-6th

Have you ever wanted to turn a broken or unusable item into something else? Do you like working with tools and creating really cool art? Well, this is the course for you! There will be a variety of items for you to repurpose into wearable art. Let your imagination soar!

Instructor: Mrs. Lopez

Minute it To Win it!

Grade level: 3rd-6th

Do you love fast-paced games? How about competing against friends or yourself to beat a personal best? In Minute to Win It Challenge, we will use common household and school supplies to create exciting challenges and games. Impress your friends with the tricks you master like knocking down a single pencil with a marble, volleying paper balls with clipboards, and stacking and balancing dice on a popsicle stick in your mouth! On our last day, we hold our final Minute to Win It competition and the winning team will be crowned the Minute to Win It Champions!

Instructor: Miss Downing

Pottermania

Grade level: 3rd-6th

Harry Potter fans, enter the world of Hogwarts and Harry Potter! Immerse yourself in the adventures of Harry Potter and his friends. Join us as we read "The Cursed Child," have Harry Pottery experiences, such as getting sorted into Hogwarts houses, learn spells and learn to play Quidditch. We will finish up with a trip to "Hogsmead" and some Butter Beer.

Instructor: Ms. DeTrolio

Introduction to American Sign Language

Grade level: K-6th

Have you ever wanted to learn how to speak with your hands? Well, we have the class for you! In our class, we will show you how to talk to other people who use American Sign Language. Each class will be personalized and adjusted to the learning style of each child. Our goal is to make learning a new language fun and exciting! During the week, you will learn the basics of Sign Language, play fingerspelling games and even have time at the end of class to go over anything you would like to learn about Sign Language. By the end of the week, you should be able to have basic conversations using American Sign Language, and there may be a special surprise! Get those fingers warmed up to have some fun!

Instructors: Miss Melo & Miss Young

Scratch II

Grade level: 4th-6th

In this program, the student spends the week learning how to create animations and games with the Scratch software. In addition to class instruction and free time to explore Scratch, the students will participate in breaks from the computer screen and learn about various computer science topics. The students will create either a game or animation that they may present on Friday.

Instructor: Miss Lopez

Tennis and Pickleball

Grade level: 2nd -6th

Are your rackets ready? We hope so, because this summer we are offering a combined class of tennis and pickleball! During tennis class we will be teaching all the basics such as forehand, backhand, volleys and serves. The students will even participate in tournament play.

Pickleball class will be structured similarly, however the court size, racket size, and rules will change a bit!

Instructors: Mrs. Pitman & Mr. Moon

Week 3- July 9th-13th

American Girl Club

Grade level: 2nd – 4th

Do you love American Girl Dolls? If so, then this class is for you! Come bring your American Girl doll for a week packed with fun. We will make crafts for you and your doll and end the week with an American Girl ice cream party! So, grab your doll and come join the American Girl Club!

Instructor: Ms. DeTrolio

Beach Creations

Grade level: 1st & 2nd

Do you love the summer and going to the beach? Then this is the camp for you! Come decorate a canvas beach bag, T-shirt and hat! On the last day we will have a beach party!

Instructor: Mrs. Byrne

Bugs, Butterflies & Books

Grade level K-1st

Are you ready for a week of creepy-crawly fun? This week we'll be learning all about six-legged creatures and go searching for bugs with jars and nets in hand.

We'll read bug books, make butterfly & ladybug crafts, create bug fossils and do lots of other indoor and outdoor activities ~all involving bugs! Our week will conclude with a BUG-abration, complete with bug juice and edible insects!

Instructor: Mrs. Hickey

Cooking Creations

Grade level: K-6th

Do you like to cook? Do you like sweets? We will be making cupcakes, candy, donuts, bread, quesadillas, and other yummy treats each day for you to bring home! We even make some non-edibles like playdough and bubbles! We make up to six items each day and also have outside play time. Come and be creative with food!

Instructor: Mrs. Foxx

Duct Tape Creations

Grade level: 2nd-6th

Duct tape isn't just for fixing things anymore. In this class, we'll use the sticky, colorful tape to create masks, picture frames, pencil cases and even bags - all from duct tape. These are just a few of the fun crafts we will make from duct tape. Come ready to have fun and be creative.

Instructor: Mrs. LaVigne

I Believe in Fairies

Grade level: K-3rd

Do you believe in fairies? We do! In this class we will explore the world of fairies (and maybe a gnome or two.) We will read fairy stories and create little fairy dolls. When weather cooperates, we will spend time outdoors to practice fairy dancing and build natural homes for our fairies with some teeny tiny materials. Create another fairy house to bring home. Sprinkle on some pixie dust and join us for a fairy filled week of fun!

Instructors: Mrs. Deb Colella with Miss Charlotte Colella

Introduction to American Sign Language

Grade level: K-6th

Have you ever wanted to learn how to speak with your hands? Well, we have the class for you! In our class, we will show you how to talk to other people who use American Sign Language. Instructor: Mrs. Buckley

Kick Start to 7th Grade

Grade level: 7th

Set the perfect amount of time aside to prepare for 7th grade. Spread out the beach towel, get the snacks ready, partner up with some friends and read a great book. We will work on the required Active Reading Log and math assignments throughout the week in order set a good pace for completion. By developing a plan, and working with friends you will be on your way to a successful start to 7th Grade ☺

Instructor: Mrs. Lopez

Summer Safari

Grade level: K-2nd

Lions and tigers and bears, oh my! If you love the animals of the jungle than this is the class for you. Join us in creating jungle themed crafts as well as participate in fun activities that keep you moving! Hope to see you there!

Instructor: Mrs. Marbenas

Summer Science

Grade level: 2nd-5th

Get ready for totally hand-on, amazing science experiments. We will be exploding volcanoes, making marshmallow towers, writing in invisible ink, creating homemade bouncy balls and much more! We will discover what happens when you combine Diet Coke and Mentos, all while learning what causes these reactions. Don't miss out on the fun!

Instructor: Miss Downing

Web Design

Grade level: 4th-6th

Do you ever wonder how your favorite website is made? In this class, students will discover how to create and design basic webpages. The students will participate in breaks from the computer screen to learn about various computer science topics. By the end of the week, students will have their own website design.

Instructor: Miss Lopez

Week 4- July 16th-20th

Beachy Keen Fun

Grade level: K-2

Is summer one of your favorite seasons? Do you love the beach? Come have fun learning all about the beach! We'll play water games, like Drip, Drip, Drop and Fill My Bucket. Our projects will include shell paintings, collages, t shirt decorating and photo frames. We'll read summer stories and culminate our week with a make your own sundae party! Can you say I LOVE SUMMER? Please pack a snack, drink and towel daily. Feel free to wear a bathing suit under your clothes.

Instructor: Ms. DeTrolio

Cooking Creations

Grade level: K-6th

Do you like to cook? Do you like sweets? We will be making cupcakes, candy, donuts, bread, quesadillas, and other yummy treats each day for you to bring home! Instructor: Mrs. Foxx

Creativity Unlimited!

Grade level: 1st-6th

Have you heard about Wrentham's Destination Imagination program? Have you wondered, what's it all about? During this week long program students will engage in similar activities to those found in the DI program. Each day will start off with fun team building exercises, then move on to hands-on Instant Challenge activities, like building a bridge with toothpicks and mini-marshmallows, or building a tower with spaghetti. Students will be grouped together by grade and will experience the challenge of researching a given topic in history and then rewriting that historical event in a new and creative way.

Instructor: Mrs. DeVore

Future Stars of Broadway

Grade level: 3rd-6th

Welcome all future stars of Broadway! Do you love to be on stage? Do you dream of acting or dancing on Broadway one day? For anyone who loves to act, perform, or be creative, this is the perfect place for you!

This week, you will work together to create and perform your very own play. You will have the opportunity to be creative, work as a team, and perform your play at the end of the week. You will also get the chance to create and practice choreography as a group. At the end of the week, we will take pride in our work by performing our creations for family and friends. PROGRAMMIN' PROS

Grade level: 4th-6th

In this introductory class, students will learn basic syntax for the programming language Python. In addition to creating their own first programs, they will learn how languages like this one are utilized to build apps and games. After class instruction free time on the computer will allow the new programmers to discover Python for themselves. The students will participate in periodic breaks from the computer screen to learn about various computer science topics, participate in logic games, work with algorithms, and learn about well-known individuals and their technological breakthroughs.

Instructor: Miss Lopez

Seussical Summer

Grade level: K-2nd

It's only just begun, Come on in and join the fun. We'll learn about Horton that is for certain. Sit back and relax, as we read the Lorax. How about some Oobleck? You'll think it's so coolbleck. You'll surely be beggin', to taste those green eggins. We'll make one fish, two fish swimming in the sea, And after that, we'll plant a tree! Yes! Dr. Seuss, he is the one, you don't want to miss the fun!

Instructor- Miss Downing

Up, Up and Away!

Grade level: K-2

Do you love all things aviation? Join us as we explore planes, helicopters and more through crafts, books and creative foods.

Instructor- Mrs. Marbenas

Wilderness Survival

Grade level: K-3rd

Calling all junior explorers! Join us as we dig into a week of wilderness skills and fun. We will make mini survival kits to take home, build outdoor shelters, create bark boats, learn to whistle with acorns, and hike around Sweatt Hill among other activities. Throughout the week we will learn to pack a daypack, practice safe hiking, and use a compass. If you like the outdoors, you will love Wilderness Survival!
